Intro

Verse 1

Even now
Your grace is here at hand
Even now
You reach inside the sorrow
Even now
Your voice speaks life to me
Even now
I lay down at your feet

Chorus 1

Always good
You're always good
You came as one of us
To die and rise again
Always good
In all ways good
The cross is all I need for you to show
You're always good

Verse 2

You are found
When all around me fades
You are found
When joy breaks out of sadness
You are found
When everything is lost
I am found
Because you know my name

Chorus 2

Always good
You're always good
You came as one of us
To die and rise again
Always good
In all ways good
The cross is all I need for you to show
You're always good

Bridge

I am confident
In your promises
I will trust and follow you
Jesus, only you

I will live by faith
Every word you say
I will trust and follow you **x2**
