

# No Greater Love (CVW) [Lyrics, 117 bpm, 4/4]

[Yale Version]

## Intro

### Verse 1

When I'm met with silence  
And I'm out of songs to sing  
Will I trust that you are good

When the night is heavy  
And the darkness closes in  
Will I trust that you are good

### Chorus

The Cross is proof to me  
There's no greater love, no greater love  
And I know in all things  
You work for good, You work for good  
No height, no depth, no power of hell could separate us now  
The cross is proof to me  
There's no greater love, no greater love

### Verse 2

When my faith becomes sight  
And I see you face to face  
I will bow down at your throne  
When I see your scared hands  
I'll sing of all that you have done  
All glory, honor, to your name

### Chorus

The Cross is proof to me  
There's no greater love, no greater love  
And we know in all things  
He works for good, works for good  
No height nor depth nor power of hell could separate us now  
The cross is proof to me  
There's no greater love, no greater love

### Bridge

From start to end there's never been  
A love like yours  
That laid down everything  
To have my heart

Kingdoms rise and fall  
The earth will fade away  
But you remain the same  
Our greatest love

### Chorus

The Cross is proof to me  
There's no greater love, no greater love  
And we know in all things  
He works for good, works for good

## No Greater Love (CVW) -

No height nor depth nor power of hell could separate us now  
The cross is proof to me  
There's no greater love, no greater love
