Genesis Part 1: Creation

“In the beginning, God...”

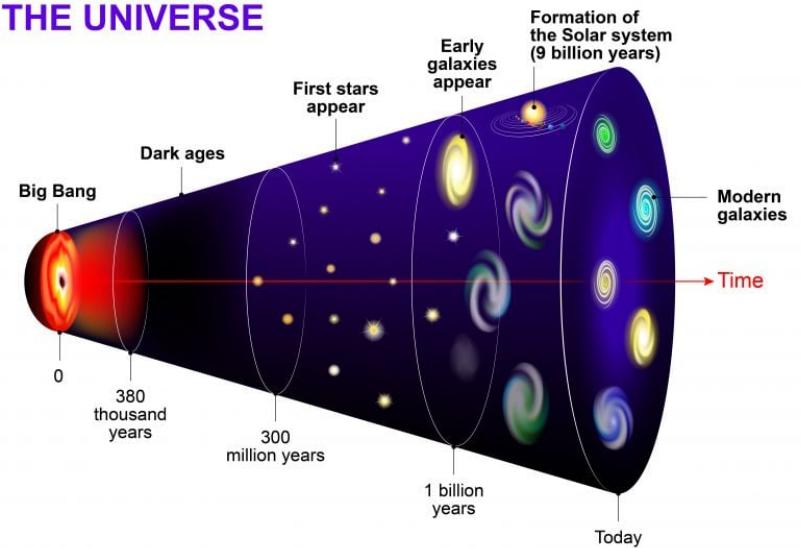

Science or Myth?

Young or Old Universe?

### EVOLUTION OF THE UNIVERSE

*The Standard Model of the Evolution of the Universe*

Discussion:

1. Summarize the key points of the Creation story in your own words.
2. What difference does it make whether God created the universe or it just happened for inexplicable (or no) reasons?
3. Do you think we can believe parts of the Bible are true and others are not? What are the implications of this approach?
