

THE PROPHETS

Lesson 6 – Predicting the Future?

- I. Predicting the Future?
- II. Randomness vs. Design
- III. Multiple Fulfillment of Prophecy
- IV. Progressive Revelation

For Further Discussion:

1. The future is certainly *unknown* to us, but do you think about it as a random series of events or following a plan? Why?
2. Why did God reveal the things he did to his people throughout history? What might have been his purpose?
3. How does looking back at prophecy and its fulfillment affect your faith today? How about your uncertainty about the future?
